DepEd - Region II

National Highway, Carig Sur, Tuguegarao City

Dear **Dr. Paragas**:

With most parts of the country still under various versions of community quarantine, we have slowly come to terms with the "new normal" in the educational system and in taking teaching and learning in the cyberspace. At the heart of these changes and challenges are the crucial roles of the key players – school administrators and teachers.

Given the context of the pandemic, the **school heads'** function becomes critical in the implementation of various modalities to extend the education of every learner. **Teachers**, on the other hand, interpret and implement curricular intents as they deal with the learners and handle the day-to-day demands of instructional aims.

The current situation of our country beset by the COVID-19 pandemic cannot keep us from creating

Dear **Dr. Paragas**:

With most parts of the country still under various versions of community quarantine, we have slowly come to terms with the “new normal” in the educational system and in taking teaching and learning in the cyberspace. At the heart of these changes and challenges are the crucial roles of the key players – school administrators and teachers.

Given the context of the pandemic, the **school heads’** function becomes critical in the implementation of various modalities to extend the education of every learner. **Teachers**, on the other hand, interpret and implement curricular intents as they deal with the learners and handle the day-to-day demands of instructional aims.

The current situation of our country beset by the COVID-19 pandemic cannot keep us from creating learning experiences for our educators and students. With is premise, the Department of Education has issued guidelines on how the new normal should be implemented and incorporated into classroom dynamics. Thus, **ARCZONE Professional Development, Inc.** introduces new programs (**not just webinars**) which aim to address these needs in the new normal.

ARCZONE

PROFESSIONAL DEVELOPMENT INC.

"Beyond webinars: Intensive capacity building programs for school administrators and teachers in the new normal"

1. **SCAFFOLDED** - *School in Crisis Action for Fundamental Online Leadership and Distance Education*. This program allows school administrators to demonstrate the standard leadership skills through an online mode. The online lessons are composed of webinars, reading materials, exercises and feedback on their sample work using a Learning Management System.
2. **PIVOTAL** in the New Normal: *Pursuing Innovative Virtual and Offline Teaching and Learning*. This training program aims to provide online professional development activities/learning sessions on various topics relevant to curriculum, instruction, and K-12 requirements in the "new normal" with follow through programs/sessions during the school year, or on schedule based on availability of teachers.

The training programs shall run over a period of **one academic calendar** where online training sessions are scheduled upon the decision of the Department of Education Division Offices and ARCZONE. Pre and post synchronous activities (online discussions, consultations with e-mentors and content area experts, other asynchronous activities) will be scheduled accordingly.

To help the Division address economic challenges in the availing of these programs, ARCZONE is offering manageable settlement of **subscription fees of five hundred pesos only (Php 500.00) per nine (9) months, a total of Php 4,500.00 for per participant for a minimum of three hundred (300) participants per program.**

We are hoping that this proposal merits your support and approval. We look forward to working with you in bringing these innovative and relevant training programs to the educators in your region.

Truly yours,

MS. JERMAINE OGKING
Training Coordinator
