**DIVISION MEMORANDUM**

No. 021, s. 20 22

**ADDITIONAL GUIDELINES ON THE DEVELOPMENT/CONTEXTUALIZATION  
AND STATUS OF SCHOOL INDORSED LEARNING MATERIALS**

To: Assistant Schools Division Superintendent  
Chief Education Supervisors  
Education Program Supervisors  
Public Schools District Supervisors  
Elementary and Secondary School Heads  
All Others Concerned

1. DepEd Order No. 018, s2020 underscored the idea that the public health emergency brought about by COVID 19 calls for the Department of Education to be innovative and resourceful in delivering quality, accessible, relevant and liberating education.
2. In this connection, this Office through the Curriculum Implementation Division-Learning Resource Management Section (CID-LRMS) initiated writeshops on the development/contextualization of learning materials such as the development of LRs using Kotobee App. With this, a number of interactive materials were developed. (*refer to the attached list*)
3. On the other hand, this Office also received school- indorsed learning materials for further quality assurance and consequently for use in the Division.
4. However, it has been noted that a number of these materials (print and non-print) failed to follow the quality assurance process, thus, the writers/authors/developers are advised to go back to step one (1) needs analysis which is the primary step in any LR development. All other processes that the materials have been through shall be treated as zero. In other words, after the conduct of a needs analysis, the material has to have indorsement no.1. (*refer to the attached list*)
5. Development of Self Learning Modules (SLMs); Learning Activity Sheets (LAS) must be done vis-à-vis the availability of learning resources.
6. Any indorsed LR should have the needs analysis reflected in the rationale. It should also be pre- quality assured in the school level to be certified by those in the school quality assurance team.

7. The school learning resource plan, copy of the edited (for further QA) and draft (with quality assurance marks) should be attached to the indorsement.
8. Refer to Division Memo No. 161.s2020 dated October 8, 2020, Guidelines on the Development/Contextualization of Learning Resources for further details on LR processes.
9. For information, guidance and compliance.
